Citing a Website in NoodleTools

**Step 1:** Click on the Sources tab at the top of the screen.

**Step 2:** Click the **Create new citation** button.

**Step 3:** Select **Website** from the citation menu and then the most accurate specific source type. Usually, you will pick Webpage.

**Step 4:** Look around your website to fill in as much information as possible in the citation form.

There might be information about your web site that you cannot find. Often it can be difficult to find a specific author or publisher for a website. If you cannot find a certain piece of information, it’s okay to leave that box blank.

**Step 3:** When you’ve finished filling out the citation form, click the **Submit** button at the bottom to save your citation.
